

The GO Project is an exciting youth ministry mission program, happening right here at St. James United Church in July!

We are excited to be offering this program! From July 9th- 20th a group of youth from across Canada will gather together here at St. James. The young people, aged 13 to 19 years, and their leaders, will come together for 11 days, exploring community programs in the St. John's area. The young people live together in intentional community at St. James, cooking, praying, volunteering and discerning together how and where God is calling them. During the 11-day program, participants will have the opportunity to volunteer at various mission sites around the city. We will be partnering again this year with local organizations that are making a difference in the community.

Last year's St. Johns' GO Project was a **huge** success, mainly because of the great and varied support that we received from the St. James community. We are excited to be back again this year!

To ensure the program's success, we rely on the support of the congregation. ***There are a number of ways you can help out!*** Please see the reverse side for ways you might be involved!

The GO Project needs YOU!

We really appreciate any and all support that is provided to the program!

Below are some of the ways you can help out:

- Volunteer Driver
 - There are many sites we will be visiting-the more drivers we have, the easier it will be to transport us from site to site.
- Donated baked goods
 - For participants to enjoy as snacks! Please drop off at the church (labeled "GO PROJECT" and with ingredients) any time between July 8th - 19th.
- Laundry Services
 - Looking for volunteers to pick up laundry and bring it back clean and dry the next day.

To help in any way with the GO Project, or to find out more about the program, please contact the East Coast Coordinator Heather Habgood
